FRIDAY IS "CSC NIGHT" AT INDUSTRIAL SHOW

Solventeers will shine tomorrow night (Friday) when they share the spotlight with four other industries in Their Night at the Industrial Show.

The doors of Swope Art Gallery swung open Tuesday morning for the second annual Industrial Show, sponsored by the Junior Chamber of Commerce. The interesting and educational exhibit will run thru April 27th. Doors are open daily from ten A.M. to ten P.M. There are 57 industries participating.

CSC'S exhibit, thought up and made at the plant, is a talkie in technicolor. Just push the button, honey, and the spotlight pops on, the record starts talking and just at the right moment, transparencies light up, then the flow diagram, in three sections breaks into color, and finally a bottle of EXPANDEX takes a bow. Terrific!

GENE BOROUGHS has outdone himself in drawing up the charts. All in color and cleverly executed. The Geiger counter is playing a return engagement at the Industrial Show.....The fine voice you hear on the recording is that of TOM CRAIG.

The newspapers call our exhibit "an audio-visual display". We are in gallery 4, (the northwest corner of Swope Gallery). The gallery is at 25 South 7th Street. The exhibit is free. If you can't be there Friday evening, come anytime before closing date - the 27th.

DINNER PARTY, MAY 8th

Four CSCERS are learning to tell time! On Thursday, May 8th, they'll be wearing brand new watches!! The quartet consists of DR. ART CAMPBELL, MARY O. DONHAM, THELMA KELLY and MARTHA I. SWANSON.

Tickets will soon be available..... The dinner will be served in the Mayflower Room. All Twenty-Year Club members will be special guests. Mrs. Hill and her very fine ensemble will again furnish the dinner music; Leo Baxter will play for the dance.

CSC'S First Lady, Mrs. J.A.WOOD, will make her first trip to Terre Haute for this dinner. Mr. Woods will speak. More about the dinner in next issue of Newsletter.

SERVICE AWARDS FOR APRIL

HOWARD P. HIGGINS (Chemical Control), HOWARD D. HUNT (Boiler Room) WARREN L. SAGRAVES (Pipe Gang) and CECIL CARR, (quality control) completed ten years of service in April and they received two-star buttons.

MARY M. CARRICO (Penicillin finishing), DORIS Y. HARVEY (Pen. lab), JAMES W. MCMAIN (main office), HAROLD S. MYERS (watchman) and RUBY E. TUCKER (Penicillin) received one-star awards for five years of service. WM HUTCHINSON of Ribo is always a one-star general around CSC.....Congratulations, all.

CHANGE TO DAYLIGHT SAVING TIME

Effective at 2:00 A.M. Sunday, April 27th, Terre Haute Industries, banks, stores, etc., are changing to Daylight Saving Time. SO IS COMMERCIAL SOLVENTS.....

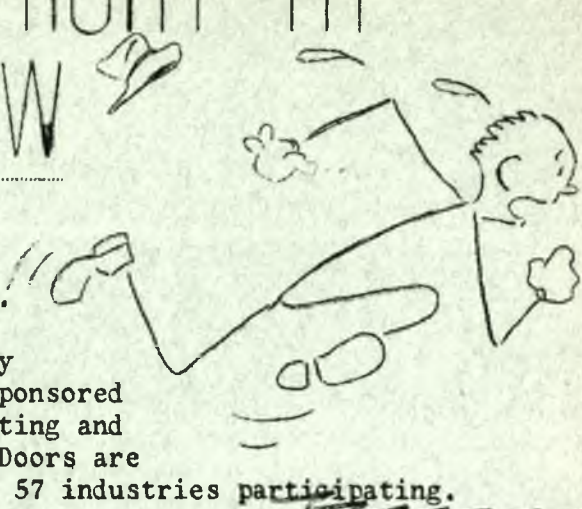

WEDDINGS, ANNIVERSARIES, DIAMONDS.

MARGE BENSINGER became Mrs. Martin Wernz in a lovely ceremony at St. Stephens Church last Sunday evening. The altar was beautifully decorated with lillies and palms. T.B.POTTER gave the bride away; CHARLOTTE EVERLY was matron of honor.....

THE NORMAN ENNENS are celebrating their fourteenth wedding anniversary.

MARJORY ANDERSON and BILL SISSON are enjoying the reflections of the same diamond. This all-CSC romance will culminate in a wedding, the date of which will be decided by the nosey Time Office gang.

COLOSSAL BONE # 57694 $\frac{1}{2}$ - If you didn't notice the ball club to which we assigned HARRY TAYLOR, (on picture page) then we shouldn't have brought it up. But we know as well as we're sitting here that HARRY is with the Boston Red Sox - and NOT the Detroit Tigers. Foul ball!

MAILBAG....MAILBAG....MAILBAG....MAILBAG....MAILBAG....MAILBAG

ARTHUR E. MEADOWS, BMG3, USS Sarasota, APA 204,
Third Divn., F.P.O. New York, N.Y.

Mediterranean Sea, Enroute to Crete:....."Since writing my last letter we have participated in two operations which included British, French and Italian navies....The operations started from Africa and ended at Naples...Our ship - the Sarasota was "sunk" three times by submarines....We then invaded the Island of Sardinia...operation successful.....About forty days from now the Sad Sarah will point her bow towards...Chesapeake Bay. Our homeward-bound pennant will fly high on the main mast.... While we were in Naples I went to Rome for three days. Saw and got some good pictures of all the ancient ruins...Also saw the Pope...

JOHN B. WHITE, Jr.

"Just a few lines to let you know that after many examinations, I am now a member of the U.S.Army. I will go to Camp Custer for final paper work. From there, I don't know.....Will write you more from my first permanent base, to give you my address. P.S. I DON'T LIKE IT.."

Pfc GLEN D. PAYNE, AF 18408225, Box 236, 3319 Stu.Sqdn. Scott A.F.B., Illinois

I am finally getting around to notifying you of my change of address. Thank you very much for the newsletter. It is very helpful in keeping up on the news of the Company. I see several of the boys have left for the same reason I did. I am at Scott going to radio mechanic school."

PVT B ILLY L.WEST AF 1640 7433, Sqdn 3703, Flight 370, Lackland Air Force Base, San Antonio, Texas

"I received your Spirit...today and I sure do appreciate everything you have & will do for me. It isn't everybody who has as nice a bunch back of us as I have in you. I want very much to hear from anybody who wants to write. We have having it pretty rough but when we have nights off it sure makes things different. Tell everyone Hello for me and tell them everything is going just fine down here. We graduate in a few weeks. Have a lot of good buddies from many different states....Take good care of my Dad. You know he's the best for me and Mother. I like the Air Force now that I've found out what it is like....Tell GALE LISTON to drop a line....."

ALBERT B.DOUGLAS, F.N.327-57-05 USS Stickell DD888, F.P O. San Francisco, California

".....It has been a year since I was back in Indiana. I was in the States awhile back but failed in receiving my leave. We are due back in the States again in Sept. Still aboard the same tin can, which of late has been bombarding the western Korean coast, mostly between Wonsan and Hamhung. Have been out about four weeks now and should be returning to Japan for replenishment, and, of course, liberty....Here's a Hello to all Commercial Solvents employees and a personal thank you for the time spent in sending the Spirit my way."

ORVAL J. UMPHREY, AL3, FALLWEATRAPAC box H, FPO, SAN FRANCISCO, CALIFORNIA

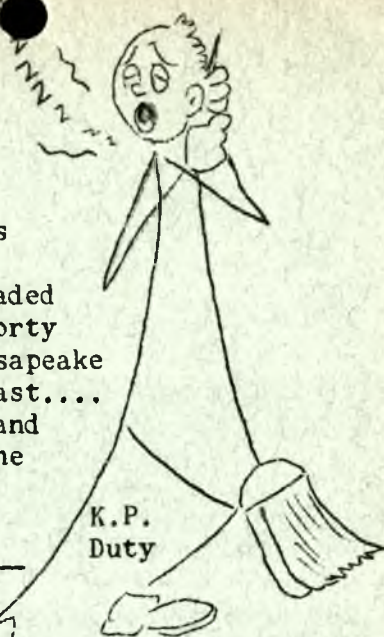

"I guess maybe I have slept at the switch long enough, so I will get on the ball and run off a line to you. I sure am grateful for the Spirits and I sure am glad you don't mail them to me with the same 'rapidity' that I have written you.

"I am still knocking around at the same old business, altho due to an increase of instructors, I now only teach aerial navigation, and radar, in both the classroom and in the air. It is an interesting job, but not interesting enough to make a regular of me. I have had several recruiting lectures, but it isn't hard for them to tell that I am a civilian at heart.

"Incidentally, I expect to leave here in about seven weeks, then I will put in another month knocking around the states, then I will be in to see you - for a job, natch. I suppose ART MEADOWS will be on my heels. Speaking of heels, he is the guy that got me into this lashup. Just kidding, ART. So long for now. Keep the Spirit coming

PVT. FLOYD F. DUNNAGAN, 1278119, Plt 270 4th Rect. Trng Bn. SAN DIEGO, 40, CALIF

"....Am now at Marine recruit training depot, San Diego. The training is rough but necessary to our future safety. We've been having pretty good chow, except the potatoes aren't completely done. I didn't know how good I had it at ComSol until I got into the Marines. Tell the men at the elevator that I believe everything they told me about the services.....Thanks for everything."

FRIED CHICKEN!

A three-pound broiler in ten weeks on less than eight pounds of feed! "Impossible", you say. It can be accomplished if you use our PENBAC antibiotic Feed Supplement in a good ration. Commercial Solvents manufactures this potent supplement which is a combination of BACIFERM-5 and our stable 1-ephenamine penicillin (compensamine). Strange as it may seem, some antibiotics will help poultry and swine to grow faster, to utilize their feed more efficiently and will reduce disease losses.

How these products from wee organisms make animals grow more efficiently is a mystery the "long-haired" boys have not yet fathomed. None-the-less, the wide acceptance of antibiotics by practical feeders is proof that they make real cost savings in the production of meat.

Commercial Solvents Corporation is offering three very effective products of this type; namely, PENBAC, BACIFERM-5 - a straight bacitracin supplement, and DUOFERM which contains vitamin B₁₂ in addition to bacitracin. Used in poultry and pig feeds, these products help animals to reach market weights in record time on less feed.

The Animal Nutrition Division of your company serves one of the nation's industrial giants, namely, Manufactured Feeds. Last year this industry moved 32,883,000 tons of poultry, swine, calf and other miscellaneous feeds. In terms of dollars, that means about 3-1/2 billion - a figure which might impress even our present administration in Washington. Commercial Solvents' part in this business is through the vitamin and antibiotic products it supplies to feed manufacturers.

Oldest, but by no means the least important in our line, are the B.Y. Riboflavin Feed Supplements. CSC was, in fact, the first company in the nation to produce this essential vitamin commercially by the fermentation process. Riboflavin, formerly called vitamin B₂ or G, is essential to growth, reproduction and well-being of poultry and livestock. Without adequate amounts of riboflavin, animals lack thrift, are unproductive and may develop physiological disorders. Natural feed materials may be inadequate or unreliable sources of riboflavin, as a result CSC's B.Y-products are practical necessities in manufactured feeds to fortify them with adequate riboflavin. As the additional riboflavin is needed in only very minute amounts - 1 to 3 grams per ton of feed (a copper penny weighs about 3 grams) - we supply it as a thoroughly distributed product. Such a supplement enables the feed manufacturer to uniformly mix the riboflavin throughout his feed. Handled in this way, each chick, poult or pig will get its full quota of riboflavin.

The various B.Y. Riboflavin Products carry high or relatively low amounts of this vitamin in order to supply a riboflavin source that the feed manufacturer can best use in his equipment. Both the Terre Haute and Peoria plants are manufacturing these valuable riboflavin feed ingredients. The golden color of riboflavin is, indeed, significant of its place in our business.

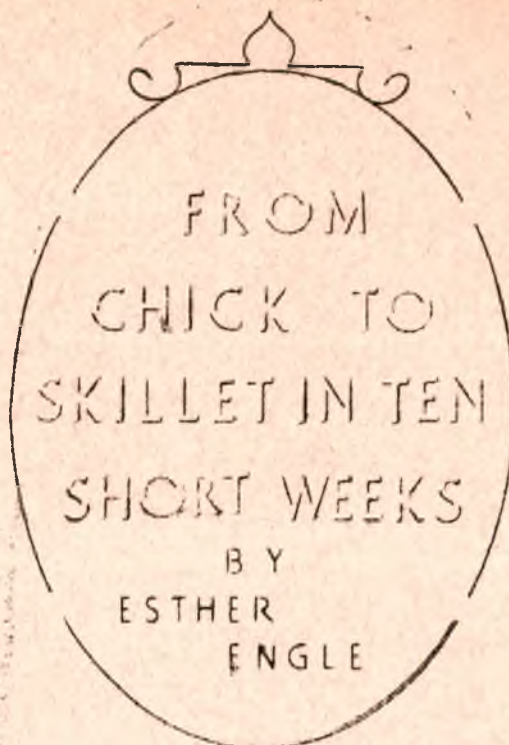

Choline is another vitamin which CSC manufactures for the feed industry. It is a necessary ingredient in feeds for poultry and swine. With lower protein rations being favored in the production of hogs in the corn belt, the addition of the required vitamin levels in the protein supplement assumes even greater importance. In swine, choline is an important factor for growth and for fat and vitamin A utilization.

CSC produces two choline products for use in feeds; namely, Choline Chloride, 70% Aqueous Solution and Choline Supplement-25 - a dry mixture on a hominy feed base.

Other members of the vitamin B-complex offered by CSC are Niacin, Calcium Pantothenate and vitamin B₁₂. Proferm-6 is our trade name for the latter product. Vitamin B₁₂ in manufactured feeds allows the use of larger proportions of vegetable proteins such as soybean oil meal. Consequently, less animal proteins like fish meal or meat scraps are needed or, we could say, vitamin B₁₂ stretches the limited and expensive supplies of animal proteins.

Vitamin B₁₂ along with our Baciferm-5, Penbac, Riboflavin, Choline and other feed supplements will help this great nation of ours to maintain its high standard of living. These products make possible the efficient production of meat in the quantities needed to supply our rapidly expanding population.

Thus, CSC feed supplements help to prevent the hunger which ultimately causes people to become restless and to fall easy prey to undesirable "isms."

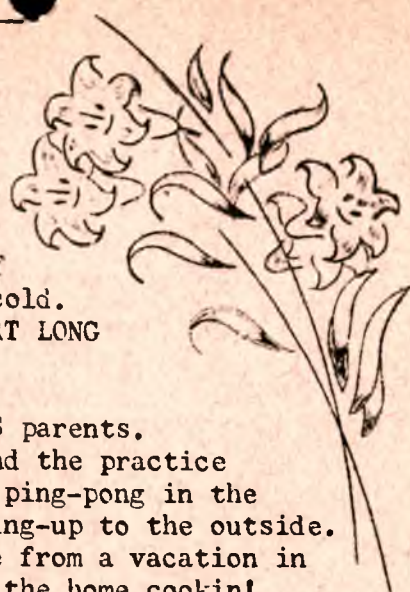

ANALYTICAL DIVISION

BOB CUNDIFF received recognition on his 30th birthday with a tune and a few words by "Blabbermouth" at WBOW - Fony's favorite program.

LARRY JONES'S work took him to Peoria plant for a couple of days. A most enjoyable trip - car trouble, rain, turning cold. And LARRY'S topcoat was in Terre Haute.....Welcome to BERT LONG who is starting the Dextran training program.....

E.E.TOOPS & family are Floriholidaying - the home of TOOP'S parents. CLANCY and HENDERSON spend their noon hours "putting" around the practice green at Rea Park.....It is getting a little too warm for ping-pong in the basement so some of the boys have transferred their limbering-up to the outside. Baseball season again.....LOUISE RIDDICK has returned home from a vacation in Texas - what a place to go on vacation!....DOC sure missed the home cookin'.

RESEARCH in the BETTY HUGHES MANNER

DR. HOMER D. TRESNER was welcomed to the staff, April 1st. He received his PHD at the University of Wisconsin in February '52. The Tresners have a three month's old daughter, NANCY ANN. They will live on 2nd Avenue. Dr. TRESNER can be found in lab 315, working with antibiotic screening program...Dr. HARRIS left Research to join the production department, April 15th...

Pfc LEO ROYER visited Research while furloafing. He was enroute from San Diego to Virginia. He was Research messenger.....DR. KLUSSENDORF spent several days conferring with the F.D.A. in Washington....DR. K. will soon be heard over station WTHI in a weekly talk on Animal Nutrition.

ART CLOUGH had the pleasure of a matutinal visit with a former army buddy from Pennsylvania (2:30 A.M. April 7th) who came thru on the Pennsylvania enroute to Missouri.....T.S.CARSWELL attended the A.P.M.A. Conference at Boca Raton, Florida last week.....Miss DIXIE SMITH became secretary to Dr. Egly.....DR. BENNETT has been in sick bay for a few days....NANCY TULLY was honored with a party held at the Golden Pheasant. The girls of Research gave her a very fine electric percolator....For a first hand description of how it is to ride in a Constellation and to eat a \$25.00 dinner, ask JOE PENSACK.....

ADA MAE DAVIES had such a wonderful time on her birthday that she would like to do it all over again....ART CLOUGH'S bandaged hand has caused the usual comments. Truth is, he contacted a glass - a 13 stitch job.....JEAN HOKE LOVE was surprised with a visit from her parents. She accompanied them to Pittsburg for a short vacation. JEAN formerly worked in JIM PEMBERTON'S lab.....MARCELLA HERRINGTON transferred from the Pemberton lab to penicillin at the very same time that her sister, FLORENCE ROGERS transferred from Assay lab to the pen plant....MARGARET NUGENT SMITH said farewell to Research. MARGARET & JERRY have just moved in their new apartment on Ohio Street.....April 13th was known as SUE HENDERSON'S birthday.....And on April 9th HARRY WILSON and the Mrs. celebrated their third wedding anniversary...The two Wilson children now enjoy a Beagle puppy.....

During his work as a veterinarian, DR. KLUSSENDORF made quite a collection of miniature barnyard animals. His first was a Holstein cow made of metal and enameled. Then there's a plastic Guernsey; a wooden Jersey cow, carved for him by a friend in N.Carolina; a Mexican fighting bull, bronze, and another bull which might well be called Ferdinand....Two metal calves were sent to him from England; then there's a small wooden hog and the very latest addition - a gift from BARBARA LOCKE & SUE HENDERSON - was a marshmallow Easter rabbit!

Sorry to add that MRS. JOY GILMAN has had to resign her position as Research steno due to ill health..

ART CAMPBELL'S NEWS COVERAGE OF RESEARCH

MYRTLE MITCHELL celebrated her birthday recently. She tried to keep attention away from her age by showing a picture of her very cute cowgirl granddaughter....AUSTIN (I'm headin' South) MANHART took off for a vacation. He must have reversed the procedure because he's back No'th now, suh.....OLIVER HAYES & DOC CAMPBELL both claimed illness Wednesday. Could be they were watching Captain Video on T.V.....

TOM CRAIG, J.T.MINOR, JOHN EVANS, DICK EGLY, ART CAMPBELL, M.P.BARDOLPH and G.WAGNER attended a meeting of the Alpha Chi Sigma Fraternity at I.U.Saturday..DORI CAMPBELL and MARILYN BOHANNON also went along. Doc. says he had a carload of boys wanting to come to Terre Haute....

CSC TO EXHIBIT AT INDUSTRIAL SHOW

From the way it looks now, Solvents' contribution to the Industrial Show, scheduled for the week of April 14th, will be as colorful as a pinball machine.

A very clever exhibit of CSC's wares will be on display in Gallery Four, which is the northwest room of the lovely Swope Art Center. (Last year we were located in Gallery Three)

EXPANDEX (Dextran) will occupy the spotlight of our show this year. The Geiger counter, by special request, will play a return engagement. There will be interesting transparencies, tracing the making of Dextran, and a recorded voice (TCM CRAIG) explaining the various steps.....

Money, you have to see it to appreciate it. Admission is free. Watch for newspaper publicity.

THE WALKING BLOOD BANK

CSC GAL USHERS ADD TO GLAMOUR OF COMMUNITY THEATRE PRODUCTION

JERRY NEES, NORMA LUNDSTROM, MARGARET HART, BARBARA DUBBS and MARILYN BOHANNON looked heavenly in their formals as they ushered during the performance of "Angel Street."

OUR SINCEREST SYMPATHIES

Our deepest sympathies to ARNOLD JOHNSON in the death of the aunt who reared him..... To LOUIE YANSKY and MRS. HUBERT KRUZAN in the accidental death of their father.....

BLOOD DONORS-CSC AGAIN ENGAGE IN LIFE-GIVING WORK

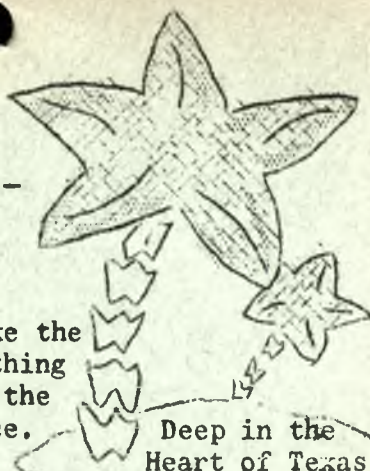

BOB BYERS and HARRY HART responded immediately when the call came for two donors for MRS. TOM NUGENT, who has been in the hospital a month. The NUGENTS are most appreciative of this unselfish gesture.

Solventeers, LAURENCE BYERS and BILL BECK, answered the call for two blood donors for MARY CARRICO'S father who was very ill.

OUR GRATEFUL THANKS TO ALL OF YOU FOR GIVING YOUR BLOOD THAT THE SICK MAY BE WELL....

LACKLAND AIR FORCE BASE, SAN ANTONIO, TEXAS

"...Started basic training today. Pretty good workout. I like the air force very much. It is really all right. There is one thing I'd like to say and that is "Hello" to the yard gang. Tell the guys who are up for draft call to try to get in the air force. It's a pretty good deal....I have hopes of getting in Mechanics...if not, I would like to be an air police. I am sitting in the barrack eating ice cream....Think I'll turn in. It's about 8 PM. We get up at 4 AM...I'll appreciate all letters you guys at home write me..."

"Everything is going swell..but would love to be back at CSC.....I am not a bit sorry I joined except that I have to leave everything for four years....Received my first SPIRIT today.....I am sitting here trying to sing and write, so if I make mistakes, think nothing of it...All letters are welcome. I've had one every day from my sweetheart and my mother since I've been here. It sure is nice receiving letters 1300 miles from home.....In case KIRBY has written, I see him about every day."

PVT. CHARLES A. KENDALL, 1278054, 4th RCT. TRNG BN. CO. "L", Plt. 276, PARIS ISLAND, SC

"I'm down here at good old Paris Island having a heck of a time. (Don't mistake that for a heck of a good time.) I like the Marines though. They keep us mighty busy..... Tell BUSS REED'S shift I said "Hello" and that I think the Marines are making a man of me....."

PVT BENNIE E. KIBURIS US 55248732, Co. B, MP RTC, 8801-1 TSU, CAMP GORDON, GEORGIA

".....It sure is good having some news of the people you worked with. MARION LESLIE came over last week and ART BLAKLEY also came over. Sure good to see someone from home. It won't be long until baseball will be starting. I sure am getting the fever. Everyday down here the sun is getting hotter and hotter. It makes a person want to get out and throw a few. They've asked me to play but I don't think I can while I'm in basic training....Tell everyone Hello & that it would be nice working an 8-hr day."

PVT. RICHARD G. VANGILDER, US 55219767, Co. C 97th AIB CCA, 6th ARMORED DIVN, Ft. LEONARD WOODS, MISSOURI

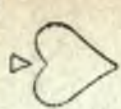

".....I thought that it was hard work at the East plant but I'd sure like to be out there now. I'd never say anything at all. All we do here is walk, and I do mean, walk. We take a "little hike" of 10 or 12 miles and think nothing about it....I'm taking 8 weeks Engineer training now; then I'm going to leadership school for 8 more weeks..then O.C.S.....If you hear any of those guys griping about rolling whisky barrels, tell them I'll trade them any day of the week...Say "Hello" to "DUCKY" WATSON Send me addresses of MARION LESLIE and DALE MURPHY....."

ROBERT M. MANHART, 52-130 USNTC, SAN DIEGO 33, CALIFORNIA

"...Have been going through a pretty rough training schedule. We do physical drills with a 9-1/2 pound rifles until our arms almost drop off....also a lot of marching every day...Several fellows here from Indiana, but I haven't met many from Terre Haute.We get a haircut every other week. I know one thing - the Navy has the fastest barbers in the world - even if they are the lousiest...their haircut is just zip!zip! and your scalped. Only takes them about 10 seconds....We have personnel inspections every morning ..really strict....If they find any dirt on a white hat they throw it on the ground and make you stomp on it. We sure do get a lot of shots. I feel like a pin cushion...have gained 16 pounds already....chow is pretty good...Would like to hear from any of my friends at CSC.."

It has been reported that DR. RALPH BENNETT might have the measles.....

FRANK VARDIN, SPIRIT'S REPORTER IN NEW ORLEANS AREA, SENDS THESE THOT-PROVOKING ITEMS

"Stepping on a person's ideas is as rude as stepping on his toes.....Courtesy to other people's minds would certainly seem to be basic to sound etiquette. To know how to listen is surely as necessary to civilized living as to know how to lift one's hat. In fact, to know how to enter with appreciation into another person's thinking would appear to be the hallmark of the well-bred mind.

We best show our respect for individuals when we bow in courtesy to their minds. This does not mean that we must agree with them. It means that we give them the full chance to say their say. Intolerance slams the door in their face. True courtesy is a spiritual quality. It is our way of wishing the other person well."

THE BUSINESS MAN HAS TROUBLES

(From an address by ROBERT E. WILSON, Chairman of the Board of Standard Oil Company, (Indiana) given at the opening session of the 56th annual Congress of American Industry)

"Typical of the burdens placed on businessmen by the O.P.S. are the complicated requirements which must be observed by people in the wholesale meat business. Let's read just one, how to prepare just one cut from one kind of meat.

'OVEN-PREPARED RIB: Oven-prepared rib means that part of the regular seven-bone rib remaining after the chine bone and short ribs have been removed.

'The chine bone, or bodies of the thoracic vertebrae, shall be entirely removed by cutting to the point at which they join the feather bones, exposing the lean meat, by leaving the feather bone attached to the rib cut. The short ribs shall be removed by cutting in a straight line perpendicular to the outside skin surface of the rib from a point measured 8 inches along the 12th rib from the protruding edge of the 12th thoracic vertebra to a point measured eight inches along the 6th rib from the protruding edge of the 6th thoracic vertebra.'

"And if your ruler slips, you're breaking the law!"

DRAFTING DOPE

WE ALL wish to welcome MARTHA ARMSTRONG to our psychopathic ward. She's so young, too. Only 18. I'm sure her long, dark hair will be missed around Marshall, Indiana. Her left hand is lighter than her right. Anyway she has her left hand weighted down with a metal band on one finger. It's of the temporary type.....Toot-A-Tee, Toot! Toot! Toot! PFC DON KEENEY paid these hallowed halls a visit this week. Ole Nature Boy looks about the same except he's minus his shadow, ALEXHave you seen the signs of spring which DICK MARKLE has been displaying?

CHARLES SCHILLING is new-car conscious. He wants one to suit his personality. He's looking at a hard top.....NICK "GLOBETROTTER" MITCHELL is back at his maps again. Since he now has two movie cameras, he's planning on making a travelog that will set T.V. back 50 years....Little does BARB MILLER realize that her anti-smoke campaign is preventing JOHN GROPP from getting his hair cut....DALE COTTOM must have a vacuum pump on his F.M. set. He pulled in 16 stations the other day.....ELI (Garwood) DIX is having boat-building troubles. The lack of brass screws is keeping his boat apart.

DERIVATIVES

HAROLD HALLOCK is in St. Anthony's hospital recuperating from an appendectomy....ED JOHNSON'S vacation in Tennessee last week found him within 70 miles of the path of the tornado that ripped thru there....

ANIMAL HOUSE NOISES

CHUCK RING did much interior decorating on his vacation. He's mighty proud of it.... ROLLIE MOORE must be lucky in love. He's certainly not lucky at cards....JIM BRUMMETT is the Proud Grandfather. His daughter Betty Jo of Charleston, W.Virginia had a daughter. She was named Cris.....ALICE FLESCHNER is engaged to be married to part of the Army - JOE STEWARD....Ask ED SCHULTZ how he likes plug tobacco. He's carried one around for six months....

ORAL RECTOR has joined the animal house mob, replacing CALE PRICE.....PAUL SHAW'S granddaughter spent the day with them last Sunday. Her first day out anywhere. But after all, she's just brand new.....JIM STAGG'S talk has changed to the Ford 6 Cylinder.....JUANITA SCOTT likes to feed JAKE stale bread and apple cores. She isn't going to Indianapolis as often as she uster.....

PURCHASING DIVISION

JERRY REED is mighty proud of her cocker spaniel. She won first prize in the Dog Show at Indianapolis, Sunday, March 23rd. First out of a class of 45.....ROSIE REED is bragging about a nephew, born March 18th. First grandson in the family...The fancy wrapping paper "shade" on the Pur.office door was retired and a handsome venetian bind has taken its place....

PENICILLIN PLANT

RUBY NOE looks mighty chipper after her vacation....HELEN GOODWIN is wondering how to spend her 13¢ tax return.....RONNIE EDWARD moved into the Pratt home, March 12th. All eight pounds of him.....RUBY HIGGINBOTHAM, HELEN GOODWIN & MARINETTA JOHNSON joined WILMA McDANIEL for some T.V. entertainment....Marine, BOB NEWTON, visited his pals at the pen plant.....PAT POWER has returned to work after mending from an auto accident which involved three CSC cars.....Learning to run chemical assays seems to agree with WILMA MCDANIELS. By the way, WILMA'S mother is making an effort to fatten up the lab girls via a delicious checkerboard cake....

DINNER PARTY ONE WEEK AWAY

One week from tonight four more CSCERS will be initiated into the sacred order of the Twenty Year Group. They include MARY O. DONHAM(Adv) who spends most of her time out on Lockport Hill; THELMA KELLY, our genial switch-board Mistress of Ceremony, who is famous for her pleasant telephone voice; DR. ARTHUR CAMPBELL, Research, whose radio program (with WANDA CAMPBELL) called "Headlines in Chemistry" is a delightful weekly feature over WBOW; and MATTIE O'SWANSON, (Personnel) who speaks Svedish vit a Hoosier accent.

The dinner is scheduled for half past six next Thursday night, in the Mayflower Room of the Terre Haute House. The hotel has promised to crowd 600 in the room. There are many, many more who want to come. We have made a tentative reservation of the Green Room on the mezzanine for an overflow crowd. These persons will come into the Mayflower Room for the program.

Our Prexy, J.A.WOODS, will be the speaker of the evening. MAYNARD WHEELER will be Master of Ceremonies ; HOMER KIEWEG, Toastmaster. Reverend R.L. ALDERTON of the Washington Avenue Presbyterian Church will give the invocation.

Mrs. Arthur Hill and her string ensemble will again play the dinner music. Leo Baxter's orchestra has been engaged for the dancing which will follow.

NANCY LEE has announced the usherettes for the 1952 dinner party. They include MARY FRANCES DONHAM, EVAH KIRKHAM, MARTHA GRAY, DORIS ANDERSON, JANET TRUEBLOOD, JANE GOETZ, BETTY MCCULLOUGH and NANCY LEE.

The special tables for the members of the Twenty Year group will be held for them until 6:20 after which they will be open to anyone needing accommodations.

YOUNG PEOPLE: Please have your girl friend and boy friend meet you immediately following the dinner to enjoy the dancing. We are sorry that there isn't a place large enough to accommodate all the CSCERS who want to come to the dinner. (We might put a roof over the stadium.)

SYDNEY T. ELLIS NAMED VICE PRESIDENT

SYDNEY T. ELLIS has been named a vice president of Commercial Solvents Corp., it was announced yesterday by J.ALBERT WOODS. His principal responsibility will be in connection with the company's expansion and development program. During the past year Mr. ELLIS served as Assistant to the President, in which capacity he will continue .

SYDNEY ELLIS is a chemical engineering graduate from Virginia Poly, he has been associated with the chemical industry since 1934. During World War II he served as a Lt. Colonel with the Army Engineer Corps in the Pacific and C.B.I. theatres. Mr. ELLIS is a member of the Commercial Chemical Development Association and the American Chemical Society.

CSC INTERPLANT SAFETY CONTEST

Five CSC plants can boast of a perfect score in the first three months of the 1952 contest. Frequency rates for all the plants as of March 31st are as follows:

Dixie	0.00
New Orleans	0.00
Agnew	0.00
Carlstadt	0.00
Newark	0.00
TERRE HAUTE	4.70
Peoria	32.36
All Plants	9.56

Terre Haute has experienced four 1952 lost-time accidents as the SPIRIT goes to press. A ribo operator suffered inflammation of his eyes in the recovery area. In Derivatives a sprained ankle resulted from an operator's slipping off of a railroad rail. Two scaldings have occurred; one resulting from air being turned into a Microbi fermenter, and the other from a pipefitter stepping into a trench filled with hot water.

MUNICIPAL MUSICALS TO PRESENT SPRING SHOW

"Thought I'd better sit down and write all the boys on "Bus" REED'S shift a little letter to let them know I'm still alive....We start firing the M.I. Tuesday. All last week we practiced getting into positions for firingIt is hotter than the devil and I will be black as coal on my neck and hands by the time I get out of here. For the past four days our spare time has been spent in polishing our dress shoes. There is a lot of work to shining shoes.....I think the worst of our boot training is over....One week of that is on mess duty. That week will remind me of the press helper's job in Ribo. I've never had my uniform on but I know I will look real sharp in it because anyone in the Marine Corps is sharp! (There are guys from good old CSC that would argue that point but if they want to win their argument, tell them to write me)...TELL GLEN RUDISEL to write me...Would appreciate any letter anyone cares to write.....Drop by Derivaties and give my regards to JIM ROMAN....."

Pfc. ALEX S. CHERVENKO, 1243186, E.M.S. Box 105, Treasure Isl. San Francisco, Calif

"....I'm writing this letter in hopes that the Drafting Department still exists. Haven't read anything in the last three issues of the Spirit that originated from the dept. What is everyone doing - saving their energy and talents for telling fish stories and high (or rather that should be low) golf scores? I see that there is a new building on the CSC landscape, namely the Dextran plant. I've got a newspaper clipping and picture of it when it was still covered with canvas.....I understand that PFC KEENEY is soon to be out here in Calif., on one of his government-sponsored trips....."

PVT BENNIE KIBURIS, US 55248732, Co. "B" MP RTC 8801-ITSU, CAMP GORDON, GA. Box 114

"Received my issue of the Spirit yesterday & thought it was about time I should be writing. I saw MARION LESLIE last wk end. His mother came down with my wife and we were together all weekend. We really had a good time....We are now going thru Military Police school (how to make arrests, etc). We're going to the range tomorrow to fire the 45 cal.pistol. I probably wont be able to hit the side of a barn.....Sure is hot down here the last few days..... good mushroom & fishing weather..."

PAUL R. TAYLOR, HSSA 4306688, EN School EI Divn, US.NAVAL REC.STA. SAN DIEGO 36,Calif

"....I am in school here six hours a day. Will be graduated June 29th. NORMA (my wife) has been here for two weeks...We have a small house in National City which is about three miles from the base. I like the California weather fine.....Isn't it about time for your stag party?Tell GARY I am sorry I didn't get to see him but I was seeing all my relations. Tell the gang I hope to be back with them in three years & 8 months.. I saw MARION BLACKBURN here the other day. Used to work with him in the feed house...Almost time for taps. It's good to get the Spirit....."

GENE F. GOODWIN MM3, M DIVN, USS WRIGHT (CVL 49) F.P.O. NEW YORK, N.Y

"It won't be long now before I'll be doing my shopping (window) in Terre Haute. We are out on a week's cruise but we pull into Boston for a 3-week overhaul this coming weekend. From there I can drive to Providence, R.I. to be with my wife, WANDA HARGIS. Easter weekend, Wanda and I went to N.Y. to watch the parade. I think the next time we want to see it, I'll buy a TV and a trailer so we can feel crowded. Around July 4 when we head for home, we plan to stop at Niagara Falls and spend a day...I want to thank the CSC personnel for sending me a copy of the Spirit each issue."

PVT JOHN B. WHITE, JR., US 5526 8343, Co.A, 53rd Abn Inf.Regnt, 101st Abn Divn, Camp Breckinridge, Kentucky

"....I wish I was back at good old CSC....I will be here for 16 weeks...Army life isn't what I expected it to be but it could be worse. Please send me a copy of the Spirit.....After basic, I have a chance to go to Officer's Candidate school but I don't think I will....."

Pfc LEON L. ROYER, 1243941, Inf. Weapons School, 31st Ord,Class Grp 3, Ord.School M.C.S. Quantico, Virginia

"....A week of school is over and I have seven more to go. Like it fine so far. We have just four weeks to learn all about 15 weapons.....I am going home May 30th over the weekend. I am supposed to get another leave about the middle of June and then it is hard to tell where I will go. As far as I know now - in 19 months, 3 weeks and 1 day, I will be ready to start CSCing again....."

VIRGINIA EHRENHARDT now tells us that she is married.....
MARY APPLE will become the bride of EDWARD LOQUE, Saturday evening, at the First United Brethren Church.....

DERIVATIVES NEWS by ye olde newshound

PAUL BITTS and HERB HUNT are among the early Springtime vacationers....
BILL MCDANIEL is checking up on some antifreeze in Missouri, Oklahoma, Illinois and other western states and is probably viewing some of the flood conditions from the ground. Not the air.

WARREN MAYES cast a vote for Dick Leonard for Phillies bat boy. He avers that it is the only voted he has cast in the last 20 years that has counted. JIM ROMAN has returned from a week's loafing. Don't know where he went, but it must have been fishin'.....BOB DRUMMOND has been welcomed to the operating staff...Seems like there are many edible toadstools this year. Reports are filtering in from boastful mushrooms hunters on all sides....

PENICILLIN FINISHING DIVISION

MRS JUANITA HARPOLD was honored with a dinner last Friday noon. SOLVENTS BOASTS IDENTICAL TWINS

JAMES HANSON is seeing double these days. Twin daughters - identical - were born April 23rd at Saint Anthony's Hospital. SHARON KAY (5 lbs 2 ounces) was born 11:19 AM; KAREN MAY (4 lbs 10 ounces) arrived 11:26 AM. The twins have a 3½ year old sister, NANCY SUE.

The BILL THOMPSONS are bragging about BRENDA SUE, born April first at Saint Anthony's Hospital. The young lady weighed 6 pounds, 14 ounces.....

At the MELVIN BOOTHES, it's GLORIA GAIL, born April 4th, 12:42 AM weight 6 lb 10 oz on St. Anthony's scales. MELVIN, Jr., and CYNTHIA ANN are the brother and sister....

It's CAROL LYNN for the ERVIN ELLIOTTS. She was born at St. Anthony's, April 16th, at 3:42 AM, weighing 7 lbs. There is a sister, CONNIE LEE.

ADRIAN STANLEY entered the PROUD GRANDFATHER Class on April 19th when his first grandchild, DELORES MARIE HARLAN, arrived at Union Hospital. She weighed 9 lbs, 11 ounces.

The ROBERT VOLLS added another son, April 21st, when PATRICK JOSEPH arrived at Union nursery in the morning at 7:39. The 8#9oz husky has one sister, MARY; three brothers, ROBERT, RICHARD and EDWARD.

The JOHN STOBARTS have a second son, WILLIAM LEE, who arrived April 24th at 1:30 in the afternoon. Bill weighed 7 lbs, 7 ounces. He has a brother, DAVID.....

BRENDA LEE chose early Friday morning (April 25th) to arrive at the JOE MCCOMBS'. This 7½ pound darling makes a baby sister for DIANNE

In a note from the BOB SHORTRIDGES (former Research Department) we learn of the arrival of SUSAN JANE, born April 21st, weighing 9 pounds 3-1/2 ounces. Everyone fine.

SICKBAY.....SICKBAY.....SICKBAY,....SICKBAY

CLAR HANCOCK'S appendix went wild, and after spending days in the hospital, is now recuperating at home.....GEORGE HUTCHENS is another recently hospitalized CSCER..... NICK COLLORA'S 2½ year old son, NICHOLAS ANDREW, had his leg broken when run over by a bicycle....MAURICE COOMBES baby son underwent a stomach operation at St. Anthony's. He is just 8 wks old....NORMAN COUCHMAN's 2 year old daughter, DEBORAH, suffered a broken collar bone...HAROLD HALLOCK and FRED KRUZAN are recuperating from appendectomies....RUTH (Mrs. Wm) JOHNSON quit the hospital yesterday after shedding a rocky gallbladder.... ...MRS. HOMER LOWERY was hospitalized April 18th....JACK MCCULLOUGH lost a left forefinger in a high school accident... MUMPS immobilized WILMA MCDANIELS....MARY JANE MORGAN, enthusiastic 4-H-er suffered a broken finger when the calf she was leading jerked the rope, catching her finger..... Poor Ole BUCK FINE is sick and on a diet and feeling generally miserable. Losing #s.. DICK RAPSON underwent surgery at Barnes Hosp., St. Louis...WM SMALL is at Union Hosp...

BETTY HUGHES AND RESEARCH NEWS

M~~RS~~ VIVIAN E. RAMBIS of Shelburn was welcomed to CSC on April 14th. She will work for Dr. M.F. MATTISSON, Literature Searcher. Vivian has three sons.... MRS. MARY MARTHA PARKER, formerly of Montezuma, became Research typist April 21st. Her husband is with DuPont. They have a little daughter two years old.

MABEL RODGERS visited her mother in Olney, Illinois. KATHY JO LESLIE and GARY ALLEN RODGERS (Mabel's grandchildren) are her mother's only great grandchildren. These kids have a great, great, great, great uncle. He is 98 years old and resides at Springfield, Illinois....

Several girls from Research attended the lovely wedding of NANCY TULLY which was held at St. Margaret Mary's Church the other Saturday morning.... PAT ALLEN transferred to pilot plant; JIM PEMBERTON has always begun pilot-planting..... BILL FOGEL, formerly in Arzberger's lab, now works for WILBUR KEKO.. LANNIE WAGNER reports that his week's vacation was spent in getting a lot of work done around the house.... MAXINE OSBURN was weekendening at Newton, Illinois recently... While on a recent business trip, "TOBY" WEGRICH stopped off in Paris and before he got away he had traded his car in on a new Oldsmobile 88.

BILL ROBSON has regrets! He wishes now that he had learned to yodel, while he had an expert around. Too late now.... On her first day at Research, GECELIA ECK took the long way around and stopped at Merchants Distilling. But she isn't the only one who has mistaken Merchants for part of CSC.... ZEKE TAYLOR is getting to be quite a swine expert. He is now at the Lockport Hog Farm..... The Research assay lab bowling team placed first in the League and then won first place in the Sweepstakes...

CHEMICAL PILOT PLANT

PHIL VAUGHN is enjoying a week of his vacation down home at Prairie Creek. The kids are still in school so Phil isn't bothered with the little - angels..... JOE MCCOMBS says his wife is sure enjoying HIS television set. He says also that AL NECKAR would enjoy one and he is doing his part in sending T.V. salesmen around..... HERMAN LUKEN wishes that Terre Haute's T.V. Station would get going so he could enjoy his television set.... Rumor has it that BOB CLEMENTS has been sneaking some looks at new cars. You mean you'll trade that Dodge???

ANALYTICAL DIVISION

"CLANCY" has given the golfers something to talk about. He played nine holes carrying only a ball, tee and putter. Result: a mighty fine 44. Witnesses to the fact were LARRY JONES (57) and R.K. BROWN (57). "No sense in loading yourself down with a bag full of clubs when you can only use one at a time" says Clancy.

LARRY JONES announces that there are only two puppies left - both little girls and cute as can be..... "PONY" CUNDIFF motored to Kentucky to bring back the "old lady and Honey Chile. She sure missed Ole Blabbermouth (SIG ROUSCH) while away..... BILL GLASS IS A GENTLEMAN FARMER!!! "If BETTY will keep the weeds out, WE will have a big crop" BILL so hates to see Betty work that he plans to go fishing while she tends the garden..... JIM NEERMAN got a receipt from the judge in the amount of \$11.75 as a reminder of the day he breezed down South Third Street at 40..... DR. CHENG, now, Buick owner, motored to Champaign, Illinois. He has learned to drive just recently and enjoys it a great deal...

LARRY BAXTER is vacationing at home. He is adding a sun porch to the house. A hammer is a long way from a test tube but the result is bound to be good if he does it. (Of course, LARRY'S dad will have something to say about that.)..... LARRY JONES' dentist keeps late office hours - and in the strangest places - the Racetrack and Marine Room. Must be a new way of killing the pain....

MICROBI NEWS

CALLING ALL SINGLE GALS - We hear that JOE WINTER is looking for a steady.... The pilot plant mourns the loss of two more good men - TED ELFERDINK and JOE HAMRICK..... GILBERT GRAHAM comes back from a vacation..... TOM ROGERS is back passing cigars after a week's honeymoon in Florida. How's about the \$21.00 fine in Kentucky, TOM?..... L.P. ALLEN and J.E. PEMBERTON were welcomes to the Microbi staff. What will BOB SHURTER and TOBY WEGRICH do when BACHMAN stops buying tobacco?

I. ROY COHEN leaves Terre Haute for the New York office and position of Advertising Manager of Animal Nutrition Division with CSC.... ROY has contributed much of his talent to the local Community theatre here, having appeared in "OUT OF THE FRYING PAN" "LAURA" "BORN YESTERDAY" and was assistant director of "COMMAND DECISION", besides working on all other productions...

SPORTS

BOWLING SEASON IS OVER! SHOP WINS PLAYOFFS

RAY WATTS, DAN FENIMORE (Captain), CLARENCE CLEMENTS, ART PETTY, ART CLEMENTS and "J.P." MORGAN comprise the SHOP TEAM who won the playoffs.

The WOMEN BOWLING CHAMPS were the gals from ASSAY and included FLORENCE ROGERS, THELMA KRAVETS, RUTH OSBURN, BLANCHE JONES (Capt) BARBARA POUND.

FIRST HALF WINNERS in the men's bowling were P.G.MCCRACKEN, "RED" TROWBRIDGE, JOHN LAMAR, PAUL ISENBURG, "NICK" COLLORA & RAY HEIDINGER, Members of the FIREHOUSE-5....

LYLE BABCOCK received the A.B.C. Award for the Season's Most Improved Bowler...

BILL EVANS was Season-High-Series Winner (679) and Season-High-Over-Average (184).

RAY SIDENBENDER won a Bowling Ball.

200 GAMES: TURNER 201; PENSACK 214; WIEMAN 204; ISENBURG 223; SHOOK 230; ROBSON 207; BURROFF 215; BYERS 210; THOMAS 233; ROTH 203; BUCKALEW 203.

HIGH TEAM GAMES: High Proof 1016; Accounting 1028; Rebels 1048; Firehouse 1068; Analysts 1018.

PENICILLIN-CSC TEAM IN ELKS NATIONAL BOWLING TOURNY, SOUTH BEND

The Penicillin-CSC bowling team scattered a few pins in the Elks National Bowling Tournament at South Bend, April 27-28 and posted scores as follows:

TEAM MEMBER	TEAM EVENT	DOUBLES	SINGLES	ALL EVENTS
HOWARD SUTTLE	638	633	(654)	(1925)
VIRGIL HAMELMANN	589	627	563	1779
		(1260)		
PAUL ISENBURG	599	572	567	1738
AL MILLER	608	619	590	1817
HERB HYLTON	586	499	555	1640
	3020			

The tournament ends May 3rd and the team score of 3020 was posted in twelfth place. The Suttle-Hamelmann doubles score of 1260 should rate fifteenth place and Suttle picked up steam as he went along to post a very good 654 singles and 1925 all events which should bring in more prize money

A Nony Mous has it that some of the "weight" (ED KING & BILL EVANS) stayed at home just to give some of the lighter team members a better chance at the prize money. Maybe we can reduce a bit more next year and bring back a First Place.....

HEY YOU BASEBALL FANS!

The NOR'WAY BASEBALL NINE starts their season May 7th with a game at the Federal Prison. The following Sundays, games will be played at the Solvent's Field as a part of the Western Indiana League.....

CSC BOWLING LEAGUE - EASTERN SEABOARD - CROWNS THE TREASURERS AS CHAMPS

DEXTRAN PLANT AND OTHER MATTERS

Operators, ROBERT COOMBS, RAY KENNEDY, WILLIAM ADAMS and EDGAR COX, can tell their grandchildren that they were on the job when the new DEXTRAN (EXPANDEX, TO YOU) plant was started.

The first seed tank was set at 10:34 P.M. May 26th; the first fermenter, 10:30 AM, May 27th.

Others who were in on the ground floor of DEXTRAN were RALPH BURROFF, ARTHUR KUNES, "SANDY" HARROD, JERRY ALLEN, DON BLACHLEY, BOB SHURTER, "TOBY" WEGRICH and STU CHESTNUT.

SERVICE AWARDS FOR MAY 1952

EUNICE L. SCHWARTZ (Order Department), JOHN D. DUBBS (East Plant), and HERMAN L. CRUSE (Accounting) were given a one-star award upon the completion of five years of service. Southerner, JOHN C. JACKSON, also wears the one-star button.

FLOSSIE SPEARS (Penicillin) and PAUL "DUKE" TAYLOR (South Plant) have completed ten years with our Favorite Taffy Works. CONGRATULATIONS, ALL....

AROUND THE PLANT

ROY LAFOLLETTE was plastered all over the roto section of the Fort Wayne, Indiana NEWS SENTINEL. LAFOLLETTE'S son, BOB, photographer extraordinarius, was given a prize by the Sentinel for an unusually good shot Washington, D.C. He was later invited to submit a number of pictures, taken while vacationing in the Capitol. Of the nine shots which graced the front page of the roto, ROY was in three of them. BOB is a chemistry prof. at Purdue.....

When "PINKY" FAGG and CHELAS SHEESE were painting the pig houses at the Lockport Hogatorium, CHELAS assumed the role of Good Samaritan to all the little piglets who squealed when their big fat mammas rolled over on them, while they were having their lunch.

BARBARA KESLAW noticed a strange man at the dinner party and didn't recognize him as WAYNE PLIMMER, until Wayne put on his hat.....BILL MYRTLE, JR., and JACK AGNEW, while working on the CSC exhibit at the Art Gallery, went in one morning early. The south door of the gallery yielded to their pushing.....(It was before opening time) Within five minutes, the ADT man and a group of police rushed up the stairs and demanded of the two "How did you get in here?" It developed that the curator had locked the south door when she went out to dinner, but someone later unlocked it. Can't say our police aren't on the job.

RIB TINGLEY is hopelessly old-fashioned. He still wears a white or pale blue shirt with a dignified tie, while all around him the boys are going stark raving mad with loud shirts. One morning the office looked like 3 seconds after an atomic bomb bust. BILL MCMAIN'S shirt screeched with yellow-billed buzzards....AL WALL'S shirt-maker had captured a strip of the Everglades, with tropical leaves, bamboo, bright red spots.....BUCK ROGERS was wearing something that resembled Sunset over Guam, with ukuleles.....BILL ESKIN, a symphony in tan, featured a Jamaican Jam-boree with pineapples, umbrellas and ships. If your digestive system is up to par, look in on Gangrene Alley some morning. You'll walk away disbelieving.....

MILTON STOUT DOING ALL RIGHT AT VETERANS HOSPITAL

The editor had an opportunity of calling on one of our favorite CSCERS at Billings Hospital, Indianapolis, the other Saturday - MILTON STOUT.

MILTON underwent an operation on his left lung last September at Billings and he has been making satisfactory progress ever since. He has been able to do a bit of watch repairing along the way. The ward has television, and radios - and a fine group of fellows all intent upon getting well.

MILTON would like very much to see someone from CSC. If you're in Indianapolis any weekend, buzz out to Fort Benjamin Harrison, Billings Hospital, and say "Hello". Visiting hours are from 3-4:30 in the afternoon, 7 to 8 in the evening.

Also at Billings is MRS. JOHN J. SCHOEMEHL, wife of our GI, who contracted TB while working as a nurse at the Hospital. She's a cute little trick and is making a valiant fight to conquer the bug. JOHN is at Camp Campbell, Kentucky.

ARTHUR E. MEADOWS, BMG 3, USS SARASOTA, AFA 204, 3rd Divn, FPO, NEW YORK, N.Y.

"SYRIA is a very unusual place, still liberty isn't much....Athens spoiled me...I think the slaves who built the parthenon must have worked overtime...now back to Syria...People here are Arabs, Moslems, Hebrews and Syrians. Tongue spoken is mostly Arabic...The Moslem women wear veils which look a little wierd..Not half veils like the Turkish women wear - they're full veils. Most of the men wear baggy pants & a fez. ...Our next & last port - Canne, France. From there I'll go to gay Paree or Switzerland....I'll be glad to get out of this Canoe Club. 2 years is enough of this so-called police action...Tell HAROLD BURROWS that after this cruise I'll be able to discuss geography with him. A Big Hello to every body (girls included) See you in a mo.

A/BC JOHN WEBSTER, AF 16346803, 1st RAD.Sq MOB, APO 994, %PM SAN FRANCISCO, CALIF.

"JAPAN. How did you ever get my address? I was really glad to get the two issues of the Spirit that came yesterday.....No heat here tonight. Just got off working from 4:30 PM to 12:00 midnight. That's pretty funny. Just before I left CSC I was changed to working days all the time - now I'm back on shift work....Tell my brother, BOB to write me. I'm sure he would like to know something about Japan...I go into Tokyo about every nine days.....Thanks for listening and keep the Spirits coming.

PFC PAUL E. MATHERLY US 55 112-554 Co.C 297th E.A.B. BEALE AIR FORCE BASE, MARYSVILLE, CALIFORNIA

"....I arrived at Beale Air Force base Feb.5th with the 843rd from Indiana. Was transferred into 297th 4 wks ago..I've seen Sgt. ELLIOTT several times but never got to talk with him..We are supposed to go to Alaska for four months. Leave 3rd May. We are flying...Have enjoyed my army career since coming in but will be glad to get back to Commercial...Of all the phases of training I've had, I like engineering best....."

PVT. WM H. BAUER II 55268624, I Co. 516th Abn Inf.Regt. CAMP BRECKINRIDGE, KY

"...First I went to Camp Custer, Mich., after processing was sent to Breckinridge....I sure hate this army life and wish I could get back there....Haven't had half enough rest for the amount of hours we put in.....TELL BILL FOGEL to write me if he wants to

A/3C BILLY WEST, AF16407433, 1700th Air Traffic Sqdn Box 1399, KELLY AFB, SAN ANTONIO

...Kelly Air Force Base is really a good base. I go swimming every day and play basketball to my heart's content....The weather here is around the 95 mark. Believe me that's hot....I like reading the Spirit. It's nice knowing what you all are doing back home. I will probably be flying before very long. I am now in MATS (military Air Transport) ..Nice outfit. Will be overseas a lot....Say 'Hello' to the fellows in the lab for me..

PVT. TED R. LEE, US 5526 8636, Co.I 516th ABN Inf.Regt, CAMP BRECKINRIDGE, KY, 94.

"Breckinridge will be my new home for the next 16 wks. BILL BAUER & JAMES WHITE are also here..All in the same Company. The army isn't too bad so far, but there is a lot of training to do. I'll know a little more about it later. Tell RONNIE PRATT & BILL SISSON I said 'Hello'.

PFC DONALD J. KEENEY 1243190 ORD MAINT CO.. 3rd ORD.BN 3rd Divn FMF, CAMP PENDLETON, OCEANSIDE, CALIFORNIA

"Just received April 21 issue on May 18th. From the looks of the envelope, it's been in every state in the US. Really my fault. Should have written sooner..ALEX is a good way from me. It would take a 72 hr pass to do us any good. The Corps doesn't think the same way we do. Inspections & guard duty foul up our chances on the weekends... ..I think I'm one up on JOHN GROPP. He may have killed a snake with his trusty Eveready flashlight, but I had a little experience with a rattler the other day. He died of too many cuts from a bayonet....."

EVA M. KRACKENBERGER SR 4308085 USN Co.42 W.RECRUIT TNG CENTER (W) USNTC, BAINBRIDGE, MD

"I joined the WAVES May 12th. Got here May 14th. The first week is really rugged, I guess (I've been here a day and a half)..I miss seeing everybody at Commercial but I'm not sorry I joined...I would be pleased if you will send me the Spirit. I'm nosey, but I would like to know how things are going. I don't know how the East Plant will run without me?
See you in nine weeks....."

PVT. ORA D. STUBBS 1234429, 394 Platoon, 3rd Rct Tng Bn, MCRD, SAN DIEGO 40, CALIF.

"Just a line to let you know my new address...Wish I were back at CSC. Please send me Spirit. ..Be out of boot in about 8 weeks. See you then...Tell my friend to write..."

ACCOUNTING DEPARTMENT

DICK RAPSON is back on the IBM job following a back operation at Barnes, St. Louis. He is doing OK but not ready to take on any weight-lifting project...DEWEY WHITE was so anxious to start his vacation that he let a flu bug fell him a few days before he was scheduled to leave....BOB DABELOW'S car is in such good repair that there wasn't anything left to do to it, so he was forced to trade it for something that needed fixin'.....A visitor approaching HERMAN CRUSE' abode early one Saturday was greeted with a cheery haloo seeming to come from nowhere. Investigation found "TARZAN" HERM,THE GERM" CRUSE up in a tree. An ax was laying at the base. The big question is, Was Tarzan trimming the tree, as he claimed, or was Mrs."Tarzan" responsible?

DERIVATIVES

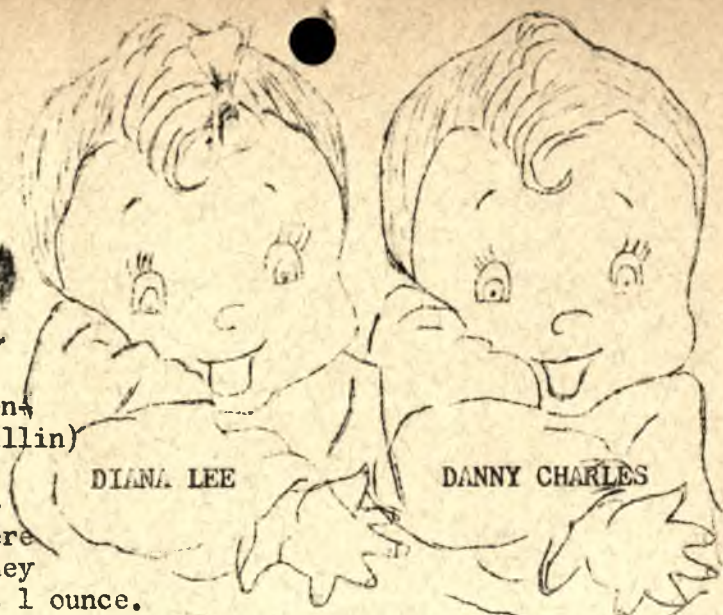

JOHN WEBSTER returned from a week's fishing trip, empty-handed & non-comittal.....
.....BOB FINCH is back from a restful vacation of just visiting around...
JAMES ROMAN is determined to go to Florida, gasoline or no gasoline.....BILL MCDANIEL has come back to Derivatives. He and BILL HAYES were in northern Indiana, Illinois and Wisconsin checking on Antifreeze. (No relation to CARL FREEZE)...

SPECIALTIES PLANT ON LOCKPORT HILL - MARY LOUISE BITTS

MARY ANN EVANS, PAT BAUER, PEGGY CHILDS, MARY KARNS, DOT HARVEY, LELA MAE MYERS AND BARBARA POUNDS have been given the old Lockport greeting...Seven of the girls spent two days in NonBeverage...ERMA STEUERWALD, NINA EWING and MARY BITTS saw some of the time trials at the Indianapolis speedway over the weekend....ELMER LESLIE, BILL VOLL BILL PRICE & LAWRENCE LISTON have fallen for crew cuts...LEE MCCLURE & WERDNA ELLIOTT get a charge out of the fights on T.V. Was the trip to city hall re. parking ticket, WERDNA? SAM "PORKY" LISTON & JIM "SATCH" LEACH were welcomed back to the hill.....

C.3.C.

TWIN3!

GREAT GRANDFATHER, PEARL HUNT (Maintenance), GRANDFATHER, TOM YOUNG (Penicillin) and FATHER, JOHN DUBBS (East plant) are twinhappy. A boy and a girl arrived at the DUBBS on May 20th and were named DIANA LEE and DANNY CHARLES. They each weighed exactly the same - 5 lbs 1 ounce. A sister, VICKIE LYNN and a brother, JOHN DALE, JR., welcomed the double darlings.

Getting down to singles - the OLIN HERNER BOYSTOWN added another, April 21st, when ROBERT RANDALL arrived at 3:30 in the afternoon. Bob weighed 8-1/2 pounds. His brothers are DAVID, STEVIE and KIETH. The little fellow's Alma Mater is Union....

JOE MCCOMBS's second daughter arrived just a quarter past 12, Apr. 25th, & was hailed over WTHI as "The Baby of the Day." A local florist sent her flowers. BRENDA LEE weighed 7# 8 oz on St. Anthony's scales. The older sister is DIANNA JEAN..

After spending six weeks in the hospital waiting for the little tike, MRS. TOM NUGENT presented her husband with a fine little seven-pound son. The curly-headed guy was named NICKY JOE. He arrived 8:43 AM, May 5th at Saint Anthony's...

CHET ROWLEY (Penicillin) and LINSEY (ex-Traffic department) are the proud parents of MARCIA LYNN. Marcia was also "The First Baby of the Day" having been born at 12:04AM May 6th. She received a bouquet of roses from Radio WTHI. Union Hosp. scales-6# 9 oz.

It's a third daughter for the LEROY HAMMONDS. CONNIE LEE arrived May 9th at 1:30 A.M. tipping the pink and white scales at 6# 8 oz. The two sisters are LINDA KAY and LORETTA MAY and a lone brother, TERRY RAY.

CHUCK HENDERSON (Research) and VIRGINIA, welcomed a son, on May tenth, 6:18 PM at Union Hospital. He was named MARK CHARLES. The weighing machine registered a healthy 7 lbs 11 oz. There is a sister, CONNIE, and a brother, RICHARD.

MISS MARILYN SUE has come to sunshine the home of the GERALD KEEGANS. The seven pound, two ounce lassie arrived May 18th at 9:32 A.M. The KEEGANS have a son, JAMES WILLIAMS, who will soon find out what it means to have a girl around the house.

PEGGY ANN JEFFERS is telling the naborhood kids about her baby brother, DICKIE. RICHARD WAYNE arrived 8 PM, May 21st via Saint Anthony's Hospital and was promptly claimed by the TED JEFFERS (Research). His weight was officially 7 lbs 11 oz.

The No. 1 heir to the WILLIAM R. SMITH estate, arrived MAY 26th at 2:52 AM at St.A. He was named BARTON RAY, was 23 inches long, and weighed a ~~glasy~~ nine pounds. Since he was the first baby of the day, he was also showered with flowers and baby food...

WITH THE RETIRED

MRS. CHARLES LEON writes that they have moved their trailer home to greener pastures. She states "Blue Grass Trailer Park got so noisy we couldn't sleep. This is such a quiet place - most all retired folks. We are feeling better but Charles is tired from moving. Please put our new address in the Spirit. It is ROYAL PALM TRAILER GARDEN, LAKE WORTH, FLORIDA.

"We are 5 miles south of West Palm Beach and two miles west of Route 1. Anyone in Lake Worth can tell you how to get here....."

WITH SINCEREST SYMPATHIES: to JOE MCCOMBS in the death of his father.....to MRS. REX WALLS in the loss of her mother; to MRS. BILL FOGEL, JR., whose father passed away... to MRS. WILLIAM SULLIVAN whose mother died.... to ART NEIGHEN in the going of the grandfather who reared him...

BLOOD DONORS, BLESS THEM

TOM OSBORNE, ART CLEMENTS and JACK DICKERSON answered the most recent call for blood within our CSC family. Our heartfelt thanks to the three of you for your great generosity.

RESEARCH CENTER

BETTY HUGHES WITH THE NEWS

CHANG-CHIU TUNG, Fermentologist from Formosa arrived at Research May 2nd and will be here thru July. CHANG is one of 36 selected Chinese Nationalists who will receive training in the USA as engineers and technicians under the Economic Cooperation Administration. He is now studying the anti-biotic screening program and will go from here to Hawaii. Recently he studied sugar cane processing in Puerto Rico. Chang was here for the dinner party and will join us at the Picnic June 14th

The American Society of Bacteriology in Boston was attended by ELEANOR KROPP, Dr. R. BENNETT and GEORGE CRAIG. MR. CRAIG was delighted to find that the chairman of the meeting, who was also in charge of all arrangements, was best man at the Craig wedding seven years before.....MABEL RODGERS transferred to Penicillin, May 5th.

JOHN R. son of DR. KLUSSENDORF, a Cadet Colonel of the ROTC at Illinois U was among the 4,000 in the impressive review. He plans to follow a military career. He has a commission in the regular army - anti aircraft artillery. John was married last November...

DR. PHILLIPS moved down to a second floor lab. BILL ROBSON is his assistant..... STELLA MARKOWICZ transferred from GEORGE CRAIG lab to Penicillin lab presided over by BILL SULLIVAN...DR. KLUSSENDORF has been heard on a weekly farm program from 6:30 to 7:00 over radio station WTHI....BEULAH PAGE (Penicillin) is now in Research, replacing MARY ROLLINGS...A small lobster boat, named SARAH T, was the souvenir which G. CRAIG brot his little daughter, SARAH, from Boston.

When MARY MARTHA PARKER & CECELIA ECK carried 4 packages of 20 lb paper to third floor, they were very tired, thinking they had carried 80 lbs of paper. BARBARA SCHAFF explained that 20 lb paper meant type, not weight, so the girls relaxed..... MYRTLE MITCHELL has learned that you can't keep bubblegum a secret. Advised to chew it, she popped the gum and blew bubbles until all her friends knew. Tsk Tsk.

Driving to work on morning, FRED PUGH thot his car was on fire. It was only Cecelia ECK's skirt set on fire by ashes from her cigarette.....MARILYN BOHANNON (former Pen lab) is now Researching...She replaces BARBARA POUNDS who left for the East Plant May 15th....WARREN PUGH transferred from DR. CORUM'S lab to pilot plant....Researchers enjoyed FRED ARZBERGER'S talk and colored slides of JAPAN & Hawaii..

The "Outa-Tuners" Quartet of which PAUL ROMAN is a member won first in the Male Quartet contest held at ISTC May 16th. They were asked to appear on television in Inpls June 23rd.....MARY FRANCES DONHAM (secretary to T.S. CARSWELL) became MRS. VERNON SALZMAN June 14th at St. Patrick's church. They will live at Springfield, Illinois. Upon being kidded about living in a small town like Springfield, Mary Fran said "What's good enough for ABE, is good enough for me."....SARAH KIRTS becomes Mr. CARSWELL'S secretary....The vacancy made by MRS. KIRTS in pharmacology is filled by MRS. GRACE PASKO.

MICROBI - by ROBERT G. DAYHUFF

Microbi had to say "goodbye" to eight of its operators who have been moved to other spots in the plant. They included OVIDEHALFHILL, JOE WINTERS, RAY HERRINGTON, RAY ALLENBAUGH, JOE SULLIVAN, GENE RICHMOND, WAYNE HARMON and KENNY BOYCE. Replacements were ERNIE HARGIS, MAURICE COOMBES, CLAUDE WRIGHT, and ALBERT LUKEN.

BOB SHURTER is trying to pass a law about the JOHNSONS. There are five of them at the pilot plant. (After all there are 17 pages of JOHNSONS in the Chicago phone book). A conversation between two operators might sound like this: "Did you hear what JOHNSON said to JOHNSON, about JOHNSON'S brother, JOHNSON?.....HARRY CAMPBELL must have tired of a good car. He traded his '42 Chevy for a '52 Ford...Last week's vacationers included CARL KISNER & MARK JOHNSON. CARL did some gardening; MARK worked on his house. "One week's work a year went hurt anybody" they said....BOB MORRIS finally got his wish - shift work!

CHEMICAL PILOT PLANT STUFF by AL NECKAR

BILL ALLEN, BOB CLEMENTS, EARL PIERCE and PHIL VAUGHN are vacationers...BILL ALLEN is getting a new car - piece by piece. He now has several new fenders and is getting a new radiator and grill. Bill said "The guy in front of me didn't have a stop light" MAX BAILEY, it is grapevined, is driving a different car. Getting into the WRIGHT-SCHULTZ class.....VIRGIL FAGG and DELPHA LOU QUACKENBUSH were married Friday, May 23rd. Congratulations!

5/29/52

DEXTRAN PLANT AND OPERATIONS

Operators, ROBERT COOMBS, RAY KENNEDY, WILLIAM ADAMS and EDGAR COX, can tell their grandchildren that they were on the job when the new DEXTRAN (EXPANDEX, TO YOU) plant was started.

The first seed tank was set at 10:34 P.M. May 26th; the first fermenter, 10:30 AM, May 27th.

Others who were in on the ground floor of DEXTRAN were RALPH BURROFF, ARTHUR KUNES, "SANDY" HARROD, JERRY ALLEN, DON BLACHLEY, BOB SHURTER, "TOBY" WEGRICH and STU CHESTNUT.

SERVICE AWARDS FOR MAY 1952

EUNICE L. SCHWARTZ (Order Department), JOHN D. DUBBS (East Plant), and HERMAN L. CRUSE (Accounting) were given a one-star award upon the completion of five years of service. Southerner, JOHN C. JACKSON, also wears the one-star button.

FLOSSIE SPEARS (Penicillin) and PAUL "DUKE" TAYLOR (South Plant) have completed ten years with our Favorite Taffy Works. CONGRATULATIONS, ALL....

AROUND THE PLANT

ROY LAFOLLETTE was plastered all over the roto section of the Fort Wayne, Indiana NEWS SENTINEL. LAFOLLETTE'S son, BOB, photographer extraordinarius, was given a prize by the Sentinel for an unusually good shot Washington, D.C. He was later invited to submit a number of pictures, taken while vacationing in the Capitol. Of the nine shots which graced the front page of the roto, ROY was in three of them. BOB is a chemistry prof. at Purdue.....

When "PINKY" FAGG and CHELAS SHEESE were painting the pig houses at the Lockport Hogatorium, CHELAS assumed the role of Good Samaritan to all the little piglets who squealed when their big fat mammas rolled over on them, while they were having their lunch.

BARBARA KELSHAW noticed a strange man at the dinner party and didn't recognize him as WAYNE FLIMMER, until Wayne put on his hat.....BILL MYRTLE, JR., and JACK AGNEW, while working on the CSC exhibit at the Art Gallery, went in one morning early. The south door of the gallery yielded to their pushing.....(It was before opening time) Within five minutes, the ADT man and a group of police rushed up the stairs and demanded of the two "How did you get in here?" It developed that the curator had locked the south door when she went out to dinner, but someone later unlocked it. Can't say our police aren't on the job.

EIB TINGLEY is hopelessly old-fashioned. He still wears a white or pale blue shirt with a dignified tie, while all around him the boys are going stark raving mad with loud shirts. One morning the office looked like 3 seconds after an atomic bomb bust. BILL MCMAIN'S shirt screeched with yellow-billed buzzards....AL WALL'S shirt-maker had captured a strip of the Everglades, with tropical leaves, bamboo, bright red spots.....BUCK ROGERS was wearing something that resembled Sunset over Guam, with ukuleles.....BILL ESKIN, a symphony in tan, featured a Jamaican Jam-boree with pineapples, umbrellas and ships. If your digestive system is up to par, look in on Gangrene Alley some morning. You'll walk away disbelieving.....

MILTON STOUT DOING ALL RIGHT AT VETERANS HOSPITAL

The editor had an opportunity of calling on one of our favorite CSCERS at Billings Hospital, Indianapolis, the other Saturday - MILTON STOUT.

MILTON underwent an operation on his left lung last September at Billings and he has been making satisfactory progress ever since. He has been able to do a bit of watch repairing along the way. The ward has television, and radios - and a fine group of fellows all intent upon getting well.

MILTON would like very much to see someone from CSC. If you're in Indianapolis any weekend, buzz out to Fort Benjamin Harrison, Billings Hospital, and say "Hello". Visitings hours are from 3-4:30 in the afternoon, 7 to 8 in the evening.

Also at Billings is MRS. JOHN J. SCHOEMEHL, wife of our GI, who contracted TB while working as a nurse at the Hospital. She's a cute little trick and is making a valient fight to conquer the bug. JOHN is at Camp Campbell, Kentucky.

ARTHUR E. MEADOWS, BMG 3, USS SARASOTA, AIA 204, 3rd Divn, FPO, NEW YORK, N.Y.

"SYRIA is a very unusual place, still liberty isn't much....Athens spoiled me...I think the slaves who built the parthenon must have worked overtime...now back to Syria...People here are Arabs, Moslems, Hebrews and Syrians. Tongue spoken is mostly Arabic...The Moslem women wear veils which look a little wierd..Not half veils like the Turkish women wear - they're full veils. Most of the men wear baggy pants & a fez. ...Our next & last port - Canne, France. From there I'll go to gay Paree or Switzerland....I'll be glad to get out of this Canoe Club. 2 years is enough of this so-called police action...Tell HAROLD BURROWS that after this cruise I'll be able to discuss geography with him. A Big Hello to every body (girls included) See you in a mo.

A/BC JOHN WEBSTER, AF 16346803, 1st RAD.Sq MOB, APO 994, %PM SAN FRANCISCO, CALIF.

"JAPAN. How did you ever get my address? I was really glad to get the two issues of the Spirit that came yesterday....No heat here tonight. Just got off working from 4:30 PM to 12:00 midnight. That's pretty funny. Just before I left CSC I was changed to working days all the time - now I'm back on shift work....Tell my brother, BOB to write me. I'm sure he would like to know something about Japan...I go into Tokyo about every nine days.....Thanks for listening and keep the Spirits coming.

PFC PAUL E. MATHERLY US 55 112-554 Co.C 297th E.A.B. BEALE AIR FORCE BASE, MARYSVILLE, CALIFORNIA

"....I arrived at Beale Air Force base Feb.5th with the 843rd from Indiana. Was transferred into 297th 4 wks ago..I've seen Sgt. ELLIOTT several times but never got to talk with him..We are supposed to go to Alaska for four months. Leave 3rd May. We are flying...Have enjoyed my army career since coming in but will be glad to get back to Commercial...Of all the phases of training I've had, I like engineering best....."

PVT. WM H. BAUER II 55268624, I Co. 516th Abn Inf.Regt. CAMP BRECKINRIDGE, KY

"...First I went to Camp Custer, Mich., after processing was sent to Breckinridge.... I sure hate this army life and wish I could get back there....Haven't had half enough rest for the amount of hours we put in.....TELL BILL FOGEL to write me if he wants to

A/3C BILLY WEST, AFL6407433, 1700th Air Traffic Sqdn Box 1399, KELLY AFB, SAN ANTONIO

...Kelly Air Force Base is really a good base. I go swimming every day and play basketball to my heart's content....The weather here is around the 95 mark. Believe me that's hot....I like reading the Spirit. It's nice knowing what you all are doing back home. I will probably be flying before very long. I am now in MATS (military Air Transport) ..Nice outfit. Will be overseas a lot....Say 'Hello' to the fellows in the lab for me..

PVT. TED R. LEE, US 5526 8636, Co.I 516th ABN Inf.Regt, CAMP BRECKINRIDGE, KY, 94.

"Breckinridge will be my new home for the next 16 wks. BILL BAUER & JAMES WHITE are also here..All in the same Company. The army isn't too bad so far, but there is a lot of training to do. I'll know a little more about it later. Tell RONNIE PRATT & BILL SISSON I said 'Hello'.

PFC DONALD J. KEENEY 1243190 ORD MAINT CO.. 3rd ORD.BN 3rd Divn FMF, CAMP PENDLETON, OCEANSIDE, CALIFORNIA

"Just received April 21 issue on May 18th. From the looks of the envelope, it's been in every state in the US. Really my fault. Should have written sooner..ALEX is a good way from me. It would take a 72 hr pass to do us any good. The Corps doesn't think the same way we do. Inspections & guard duty foul up our chances on the weekends... ..I think I'm one up on JOHN GROPP. He may have killed a snake with his trusty Eveready flashlight, but I had a little experience with a rattler the other day. He died of too many cuts from a bayonet....."

EVA M. KRACKENBERGER SR 4308085 USN Co.42 W.RECRUIT TNG CENTER (W) USNTC, BAINBRIDGE, MD

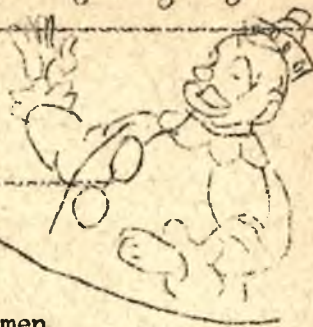

"I joined the WAVES May 12th. Got here May 14th. The first week is really rugged, I guess (I've been here a day and a half)..I miss seeing everybody at Commercial but I'm not sorry I joined...I would be pleased if you will send me the Spirit. I'm nosey, but I would like to know how things are going. I don't know how the East Plant will run without me!
See you in nine weeks....."

PVT. ORA D. STUBBS 1234429, 394 Platoon, 3rd Rct Tng Bn, MCRD, SAN DIEGO 40, CALIF.

"Just a line to let you know my new address...Wish I were back at CSC. Please send me Spirit...Be out of boot in about 8 weeks. See you then...Tell my friend to write..."

STU CHESTNUT, playing his 1st game of
the year, was the big gun, getting three
bingles out of four. He was closely fol-
lowed by "CHICK" DEARDORF with two blows.

NOR'WAY will meet the Young Man's Club
at W.T.H. Sunday, June 1st, in another
League game. Anyone who likes to see a
good ball game should come out and see
the NOR'WAY version of the Old Gas
House Gang.

1952 DINNER PARTY

The 1952 dinner party is one week past, but the quartet of newcomers who were inducted into the Twenty-Year Club are still showing off their handsome watches and giving free time service. (The telephone company tells us they have NEVER had such a light week of giving time signals as this one has been.)

Dr. CAMPBELL has just learned what the "F" and "S" stands for on his watch. "The "F" stands for Forenoon" he says " and the "S" for S'afternoon." Education is a wonderful thing.

MARY O. DONHAM, THELMA KELLY and MARTHA I. SWANSON are wearing Lady Elgin wrist watches; Doc. CAMPBELL has a wafer thin pocket type timepiece.

Six hundred hungry Solventeers sat down to a delightful dinner last Thursday night - - right at the stroke of six-thirty! The menu included the famous Indiana turkey, roasted, with dressing, parslie potatoes, peas and carrots, cranberry sauce, fruit jello salad, rolls, coffee, ice cream, lemon cake, mints and cigars.

The tables were decorated with plaques of salmon colored gladioli. The speaker's table boasted a stunning dark green banquet cloth on which had been laid ropes of smilax with an occasional yellow rosebud. Yellow glads and tapers completed the decoration.

The Lois Hill Ensemble with Charlotte Farber as soloist, presented a delightful concert of dinner music, and stayed on for the program to play appropriate music for the inductees. "Oh What a Pal was Mary" was played for Mary DONHAM; for THELMA, "Has Anybody here Seen KELLY?"; an excerpt from the opera MARTHA for O'Swanson, and for ARTHUR W - "The CAMPBELLS Are Coming."

When MAYNARD WHEELER was introduced, the ensemble struck up "Back Home Again in Indiana", and Mr. Woods was musically ushered up to the lecturn with "HAIL TO THE CHIEF."

LEO BAXTER'S excellent band furnished danceable music. An unusually large crowd stayed for the festivities until midnight. ESTILL ROTH limped to work the next day complaining that it had "been decades since Mamma dragged me around the dance floor like she did last night."

PROGRAM

HOMER KIEWEG was Toastmaster. He paid tribute to the memory of those who had passed away during the year since the last Twenty Year Dinner. The entire audience stood in a moment of silent meditation in memory of MAJOR WALKER, CHARLIE STOCKMASTER and CHARLIE SLUSSER.

REVEREND R.L. Alderton of the Washington Avenue Presbyterian Church followed with the invocation which we want to quote here -

"Since the whole earth is Thine, O God, and since we are Thy children, we give Thee thanks for Thy continued care and Thy continued love. We express to Thee a gratitude, long deferred, in the face of, and in view of, Thy graciousness to us. Deliver us, we beseech Thee, from a whining spirit. Since we have so much, grant unto us a willingness to share with those who have less. And we give Thee thanks again, O God for those men and those women who labor to bring the abundant life in every way to the children of men. In the name of Christ, we pray. Amen."

Following the dinner, HOMER KIEWEG complimented the HILL String Ensemble for their lovely music, also presented the Committee on Arrangements which included JUSTINE NEVINS, NANCY LEE, ESTILL ROTH, HANS FISCHER and MARTHA I. SWANSON.

He tipped his hat to ESTILL with this comment: "I am sure ESTILL ROTH had to develop the patience of Job that was needed to handle the ticket disbursement this year." KIEWEG also stated how much the Committee missed TOM POTTER who had worked so well with them in the past.

In introducing the Master of Ceremonies - MAYNARD C. WHEELER, the Toastmaster said "We want to turn the meeting over to our Master of Ceremonies, who needs no introduction. During the past seven or eight months we have not seen as much of him as we would have liked. I think also that he would like to spend more time here in Terre Haute, than he has been able to spend - Mr. MAYNARD C. WHEELER. (Orchestra struck up "Back Home Again in Indiana.")

MCW SOUNDS OTT

"Mr. Toastmaster, Dr. Alderton, Guests, Members of the Twenty Year Club and fellow employees.

"Last January, when I walked into the South Plant - of course, when you do get to New York, you get the feeling that you MIGHT be somebody - I ran into DENGES. He looked me over good and said "Well, I see they got shoes on you."

"....I found out one thing, you have to have a blue suit if you want to be in New York, but By Golly, it's hard to get the lint off of it. I haven't yet found out how it's done, but I will....."

"Another thing, several of the members of the fairer sex have mentioned the slimming I've gone through. They want to know the formula. It's easy girls. The diet consists of all the beef, lamb and fish you can eat. I can't afford beef, and if anyone can eat enough lamb and fish to put on any weight, I don't know how. But, it's just that simple.

"I think we'd better introduce our Very Special Guest this evening. It's her first trip to Terre Haute and to the Commercial Solvents plant here. Those of us who have had the privilege of knowing her - even for this short time - have definitely found that she has all the charm, the graciousness, and the hospitality of the South - our First Lady - MRS. J. ALBERT WOODS.

In introducing the rest of the Speaker's table, he said "Most of the members at this table are known to practically everyone but just to be sure none is missed, I want to start on my right and present to you the Rebel of the family, also the rebel of the Company - J. ECKARD WHEELER, from down in Dixie." Next is Mrs. CLYDE ELLIS, MRS. ALDERTON, CLYDE ELLIS,...MRS. HANS FISCHER...TOM, He-who-knows-no-limit-when-it-comes-to-food-drink-and-cigars,CARSWELL."

In presenting Mrs. WHEELER, he told this story. Their daughter, MARILYN, (who turned 22 just last week) was about seven years old when she came upon her mother diligently applying cold cream to her face. "Mummy, what are you doing?" she asked. "Why I'm putting cold cream on my face to make me beautiful" her mother explained. MARILYN waited patiently until her mother wiped off the cream, then observed "It didn't work, Mummy."

Next in line - after the bleaches-and-cream introduction - sat MRS. CARSWELL, HANS FISCHER, MRS. HOMER KIEWEG and MRS. J.E. WHEELER.

After dispensing with the people at the table on the platform, CSC'S favorite Blabbermouth, turned his gaze on the quaking victims below. First in line on his agenda was HARLEY COTTOM, formerly of the feed house, now retired, on whom MCW told his pet Sears Roebuck catalog story. Then he asked HARLEY COTTOM and all the other Solventeers who had been with the Company 30 years and over to stand. They were given a rousing ovation.

ED SHEA was the next in line for tongue-lashing. Seems that ED was making a Z-line for home from the Eagles. It was 3 AM. Grace met him at the door with a sarcastic "So home is the best place after all" to which Ed replied "I wouldn't say that, but it's the only place I could find open."

JIM SMITH'S touching advice to his son ROBERT, re. Burlesque shows, was next aired. Then a political story involving Republican, WARREN MAYES and Democrats, JAKE DAVERN and CHARLIE KOLL came over the network...Then one about TOM POTTER telling "GILENT" MCGUIRE how simply awful things were in Washington, D.C. and MAC reminding him that it could be a lot worse and proved it with:"what if something would happen to Bess and Harry would marry Eleanor?"

INDUCTION OF THE FOUR NEW MEMBERS INTO THE TWENTY YEAR CLUB

MARY O. DONHAM was the first candidate to be initiated into the Twenty Year Group and the Master of Ceremonies waxed eloquent about the time MARY kissed a pretty boy in her kindergarten class and then asked PERCY MILLER if he remembers the occasion..... A Kentucky Derby story introduced MANTHA "They're Off" SWANSON....WHEELER complained that it was next to impossible to get a story on a switchboard operator and added, "but don't get me wrong, I've gotten a lot of stories from THELMA KELLY..... ART CAMPBELL'S prowess on the rifle range - witnessed by CSCERS NANCY LEE, JOE SHOFSTALL and HUEY JOHNSON - was hailed as his cue to step up and get his handsome watch....

(Mr. WHEELER'S introduction of Mr. WOODS will be found on the next page....

MR. WOODS SPEECH

Mr. WHEELER'S introduction of Mr. Woods

"One reason you can be sure that our speaker is here tonight is because without question the bird season is not open in any part of the United States, Canada, or Mexico. The only time that he is not on the job is when he does slip away for a few days to go bird hunting.

"I recall distinctly two years ago after our 20-Year Dinner, I made the remark that I was glad the dinner was over because I had butterflies in my stomach to start the introduction of the guests. Our good speaker immediately came back and said that yours may have felt like butterflies, but mine felt like a covey of quail.

"I think that one of the great presidents of this country, Teddy Roosevelt, best describes the leader we have for our Company when he said "A leader must be a man that is fearless, is honest, has consideration for others, and is gifted with the crowning grace of common sense."

"Our President, Mr. Woods -

MR. WOODS SPEAKS

Mr. Kieweg, Mr. Wheeler, Dr. Alderton, Ladies and Gentlemen:

"I can't tell you how much both Mrs. Woods and I appreciate the warm welcome and the many courtesies we have received today. It was not a new experience for me because I have been here before, but it was a new experience for her.

"Both MARTHA SWANSON and MAYNARD WHEELER, in their usual, gracious, generous and lovely way, have said something - Martha in the Spirit, and Maynard on the platform here tonight - with reference to Mrs. Woods that I would like to correct. (I've been married to her thirty-two years so I ought to be able to correct something in that time.) But they both, in their generous way, referred to her as "The First Lady of Commercial Solvents" but having lived with her for thirty-two years, I know she is modest to a fault. Mrs. Woods doesn't think she is a First Lady of anything, except possibly my heart and our home. And that goes for me too. We're both just proud and happy to be members of this great team.

"Time flies! This is my third appearance before the Twenty Year Club. It may be traditional to invite our Company's president to speak on these annual occasions, but to tell you the truth, I am taking advantage of the tradition. I like to be with you.

"Every man I know who has the responsibilities of being the president of his company wants the opportunity to meet and talk with his associates that he doesn't see too often. I am no exception. This is a treat for me.

"Two years ago, at this very time, I remember declaring to you that I was no prophet of doom. The chemical business is no place for a pessimist. Our very business life is dependent on research, on improving old products and constantly introducing the new. It requires exploring the future, courage, and some 'chance taking.'

"On the other hand, we must be realistic. We should always consider scientific and economics facts, and we must never let over-optimism, false courage, and unsound economics lead us down the primrose path.

"I want to take advantage of your hospitality tonight to tell you the facts about our business as I believe them and as I see them.

"Those of you who read our annual report know that our Company had a fine, satisfactory year in 1951 in spite of the fact that our tax bill was over two million dollars higher than in 1950. Most of our plants were in full production, more people were given employment than in any other year in our history and, judging by my correspondence with stockholders, they were satisfied. We paid our shareholders a dividend, of \$1.25 per share, and we retained about \$1.00 per share of earnings in further improvements and expansions.

MR. WOODS

CONTINUES-

"Further showing our faith in our Company and in our country, we borrowed 25 million dollars for twenty years from five insurance companies. I might add that the insurance companies have faith too. We must pay interest on this loan at 3-3/4% per annum, and, beginning in 1957, we must start paying it off yearly in definite and agreed-upon amounts.

"This borrowed capital is going into new ammonia and solid nitrogen capacity, into more methanol, and into the new dextran, or, as we call it, the new EXPANDEX plant. Ammonia and methanol have been our best earners and we hope EXPANDEX will take its place not only as a great boon to the medical profession but as a good money-maker as well.

"But, about last November, business conditions began to show softness. Danger signs began to appear not only in our business but in most businesses around the country. Some of the experts said it's just a seasonal or temporary slump. If they were right then it's been a 'long season' as far as I'm concerned. It got worse in December and by January it was really bad. Buying had fallen off, prices dropped, and the great government spending, except in a few spots, failed to materialize.

"Butyls which we were selling freely in 1951 at 28¢ per pound dropped almost overnight to 16¢ and became more difficult to sell. Alcohol sagged from 90¢ to 70¢ per gallon, (57½ - 55 this week) and BHC fell off the roof - or maybe it was just plain pushed. The net result to us was the same in either case - price down and no demand.

"But you have not heard my prize one. That's about penicillin. In that great drug, perhaps the greatest in medical history, it was not a price reduction but an industry price war - no holds barred, a real battle with fang and claw showing. It was foolish in conception and without justification or sound reason, and it's not over yet.

"It is the duty of private free enterprise to produce and sell at the lowest possible costs to obtain reasonable profits, and we stand for keen competition as the American way to insure efficiency and progress. But price wars are ruinous to shareholders and employees. Price wars stop buying, shut down plants and cause unemployment. They are usually the result of a lack of brains and unstable and uncontrolled emotions.

"But, if our competitors were listening tonight, I would say the same thing to them I am saying to you, and that is: When the smoke of battle clears away in this penicillin war, as it surely will, we will be there - maybe scarred and bruised - but we will still be in the penicillin business! I say that because I believe our research and production team has gotten our costs of production down where we are among the best, and when we reach that point we fear no man, and competition, however foolish, will not ruin us.

"Now everything isn't bad. I've honestly told you the worst. Let's turn to the more cheerful side. In the first place, our volume in February was better than in January and picked up still more in March and, we believe, again in April. Our sales forces in all the product divisions are driving hard for business, and even if there is no great pickup in general business conditions, I believe we will more than hold our own from here out.

"Believe me when I tell you that your management considers its first duty and responsibility to keep our plants running, make jobs secure and earn a fair return for our shareholders. To do this, we need your help, your understanding of the problems and teamwork across the board. We must hold down our expenses, we must produce efficiently and honestly and, as I said to you two years ago, we must be above the average.

"In your long records of service to Commercial Solvents, all of you have shown the same kind of faith in our Company that I feel. Many of you of the Twenty Year Club and others here tonight, have invested your earnings, as well as your efforts in the future of our Company by becoming stockholders. To you I feel an even greater responsibility and I sense a powerful loyalty in return.

"I believe in this Company's future today more devoutly than I did two years ago, and that faith is born of my confidence in the men and women who are Commercial Solvents. I believe that research is our foundation, that production and engineering are the bulwarks of our daily existence and our progress, and that our sales force is the spark plug of our organization. Everyone is making a contribution. It's heart-warming and encouraging, and I thank you all from the very bottom of my heart.

J. A. WOODS CONCLUDES-

"Perhaps I should not say what I am about to say, but as I am letting down my hair (or what I have left), I'll go all the way.

About 12:45 New York Time last Thursday, May 1st, MAYNARD WHEELER called me on the phone from Terre Haute and gave me the news on the election. It made me feel very humble and very proud. Rightly or wrongly, we took the results of this election as a vote of confidence. We have no quarrel with any union or with unionism. As you know, we can and do work with them in good faith and, if possible, on good terms. But that election was your decision on that question. It was evidence that you believe that we have lived together in peace and harmony.

"We can all take pride in the fact that our Company and its employees are good citizens of Terre Haute. We live in peace with each other and with our neighbors. We respect the needs and requirements of each other. We settle our own problems within the family. In this and many other ways we contribute to the welfare and the prosperity of the community we call home. Your management here and now, again, publicly declares its faith in you, its thanks to you, and its consciousness of its own responsibility to keep this Company a fair, safe and profitable place for all employees to earn their living.

"In a few more minutes, I will turn this meeting back to you for its prime purpose - fun and fellowship.

"A few weeks ago, Mrs. Woods and I left New York on Good Friday evening and went down into the mountains of Virginia. It was raining and cold over the Easter weekend, and then the sky cleared, the sun took command and we had glorious weather.

"We sat in the sun, we took good walks in the hills, and after those walks we sat on a bench high up over the valley to idle and think just a little.

"And after those rains and under the warmth of the sun, nature unfolded in all its glory before our eyes. The daffodils and the forsythia bloomed, the red buds and fruit trees blossomed, the mountains took on their new green dress and the grass of the valley became a soft and velvety carpet. It was almost as if the Great Architect of the Universe had waved his arm and the sweet mystery of life itself was revealed before one's eyes. Spring had come again to those majestic mountains.

"And as we sat there in that beautiful and tranquil spot, we thought how much this old world and our own country needed the rebirth of a new spring. We thought of cold wars and hot wars, of the billions of dollars we were spending in foreign aid and in domestic government. Our minds turned to seizures of industry, to bureaucratic government and to what we consider a willful and foolish waste of our economic resources. And what is even worse, to corruption in high places, even in the department which collects these high taxes from you and me and has had the effrontery to lecture us about being honest and paying our fair share.

"And as we sat and pondered these things, the thought returned that we had the power of decision in this very year of crisis and decision. That with His help our country could have a rebirth of ideals. That we could return to the Constitution and the Bill of Rights and to the faith of our Founding Fathers.

"I have reached the point in my life where I would love to hear a candidate for high office say: 'My first interest is and will be in the United States of America - in our Constitution and in our citizens. Certainly I believe in cooperation and help with our allies in Europe, Asia, South America and the world - but our first duty is at home, where charity begins, and it's our country we must keep strong and free and solvent, because only in that fashion can we help our friends.' That is what I want to hear my candidate say.

"Again, I want to affirm my believe in our Company and its future and in you men and women who are Commercial Solvents. And to recognize and underline our responsibility to keep this Company a fair, safe and profitable place for us all to work and to earn our living."

MR WHEELER adds: "Thank you, AL, for being with us tonight and for your words of encouragement and ideals. As we have stated before, we know there will be good times as well as times when the going will be rough. I can assure you, all of your fellow employees are willing to give their complete cooperation.

"Americans have for over a century expressed their feelings by voting. Employees, last Thursday expressed by voting what they have shown by action for the past 30 years - that an atmosphere of mutual confidence and respect is an excellent one in which to work. Confidence results from deep-seated interest in the welfare of the other fellow. We are all proud and happy to be a part of the winning team."

CSC WINS 1ST PLACE IN INDUSTRIAL SHOW

TERRE HAUTE
JUNIOR CHAMBER OF COMMERCE
Display Award

COMMERCIAL SOLVENTS CORP.
FIRST PLACE

BY POPULAR CHOICE

1952
INDUSTRIAL SHOW

We were informed just before the dinner party Thursday, that Commercial Solvents had won first place with their display at the Industrial Show in Swope Art Gallery. This show was sponsored by the Junior Chamber of Commerce, April 15th thru the 27th.

Twigg Industries and Campbell Soup won second and third spots in the exhibit.

Our grateful thanks to the men of the carpenter, instrument and electric shops who worked so expertly on the CSC display. The people of Terre Haute liked it too....

DINNER PARTY ECHOES

TOM WALTON, plant manager of Peoria, was a guest at the dinner. Also present was T.P. DE FARKUS, export Manager, New York, & JOHANN FASTING, of Norway, who told GEORGE HINES he was amazed to think of such a large party being given for just one object - presenting four people with watches.....TUNG CHANG CHIU of Formosa was present. He attended the dinner with Dr. CHENG, and has a Marshall Plan scholarship. He will spend several months at CSC.....The FRITZ DANGAS, recently of Sweden attended their first CSC party.

Mrs. WOODS spent part of Friday morning visiting Research and Pharmacology and getting an auto view of the whole plant. In the afternoon she visited the Pen. packaging lines at the South Plant also Lockport Hill.

She was very much impressed with the shiny orange houses which are dedicated to CSC Pigdom. While out there she tried a bit of Tennessee hog-calling but the dumb little pigs never wiggled an ear. It was her Southern accent, you know. Our Hoosier pigs aren't hep to it.

NO PLANT NEWS IN THIS ISSUE

This newsletter has been dedicated exclusively to the dinner party. All plant news, trading post, important Stork items, military letters, etc., will be covered in the issue which is out May 29th.

Want to take this opportunity of thanking sincerely, the plant reporters who have been so faithful in sending in news of their department. (We'd like to hear from other departments who have long been silent.) Again, my grateful thanks. Editor.
